Looking for an internship up to 6 months starting from July 2019

PROFILE

I am aiming at game production positions. My goal is to **simplify team's work**, allow its members to develop their full potential. I have an accessibility driven approach to design. I am focusing the production's efforts into strong elements of the experience, that directly benefit the player.

EXPERIENCE

Game Jams

November 2013 - Present

Finalist "Viens créer ton jeu" contest, Epitech Paris (2013).
Ludum Dare, jams organized at school, itch jams...

BetaDwarf Entertainment, Associate Producer

Copenhagen, Denmark - Minion Masters project

June to September 2018

Help the team **manage production** from an update to the next on a **live PC game**.

EDUCATION

2014 - 2019 : Masters Degree in Management & Game Design

Supinfogame Rubika, Valenciennes, France

SCHOOL PROJECTS

Producer, Game Designer

- **Production tasks**: project and team management.
- **Creation and analysis of Game Concepts and mechanics.**
- **Asset production** (2D / 3D, Music and sounds).
